

Gel One Tone Sculpture

a high school / university department

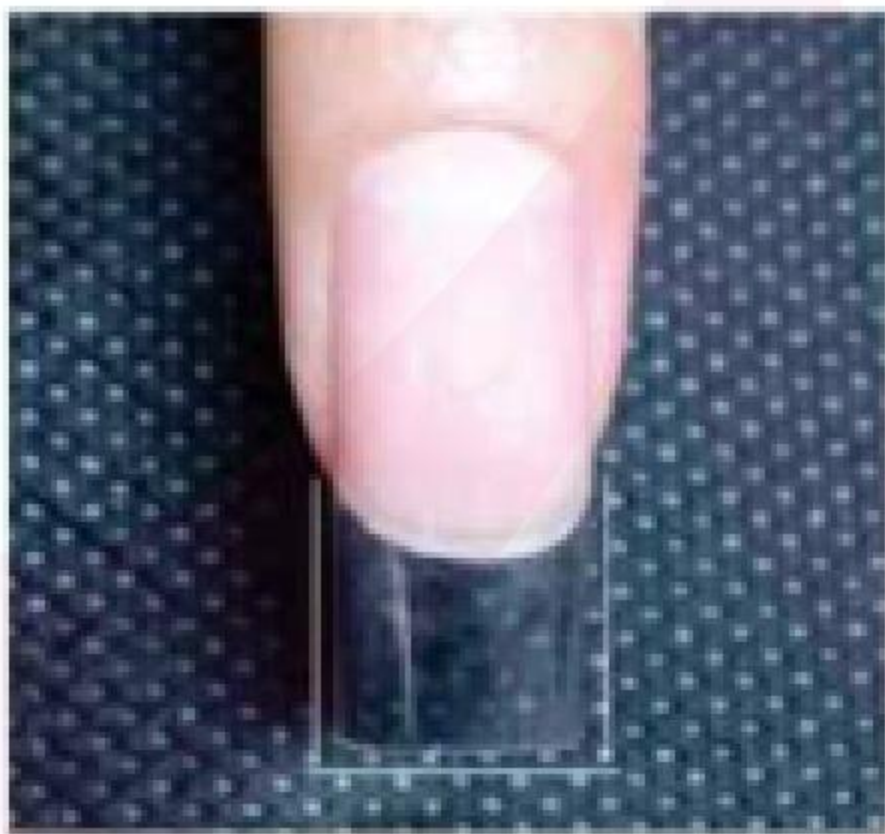

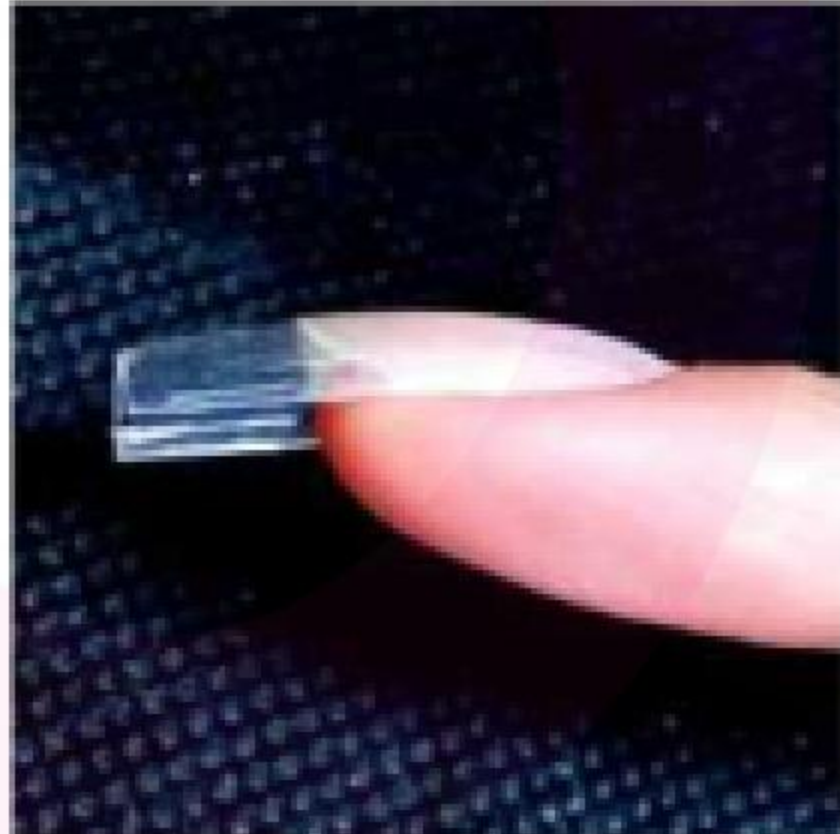

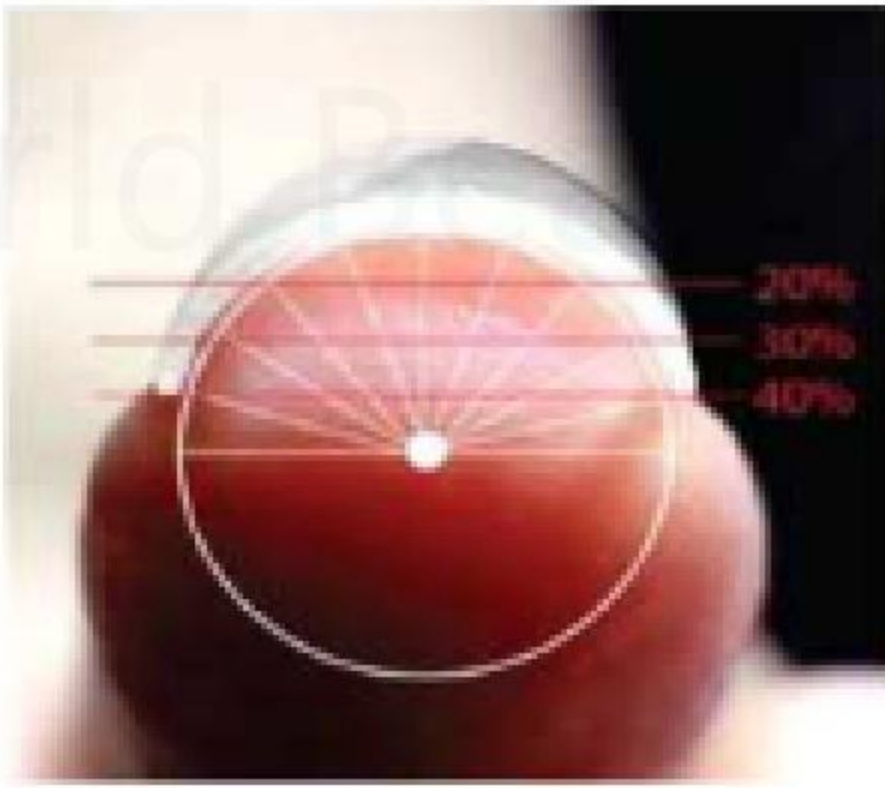

Game time: 40 minutes

◆ Requirements ◆

1. Prepare freely based on the qualification criteria for hairdressers (nails).
2. Gel one-tone sculpture is performed on the middle finger (3rd finger) and ring finger (4th finger) nails of the model. (Voluntary selection of hands)
3. The natural nails of the model shall be shaped in a round or oval shape of not more than 1 mm.
4. The completed length is cut to less than 0.5mm to 1cm, and it is shaped into a straight square shape.
5. The pre-edge C curve is formed at a ratio of 20-40% of the circular shape, and the thickness is 0.5mm to 1mm or less.
6. The side-side straight line keeps the straight line from the natural nails to the pre-edge so that the connection line does not go up or down as much.

◆ Review Points ◆

- Hygiene and preparedness
- Procedural order and proficiency
- Length/Shape/C-Curve/Thickness
- High point
- Side Straight
- transparent and smooth surface conditions
- the degree of completion
